Will Coleman III

Regarded as one of the top event riders in America, Will has carefully produced and competed more than a dozen horses at the highest levels of eventing. He has been named annually to the USEF's High Performance Training List for ten years. With several top-five finishes at four-star level competitions and multiple three-star wins on a variety of horses, Will has been successfully competing at the highest levels of eventing since he was 19 years old. Will is also the only American to have ever won the Bramham European Under-25 CCI3* Championships in the United Kingdom. Most recently, Will Coleman became the first American in history to win the prestigious CHIO4*-S Aachen, finishing on 30.50 penalties with Off The Record.
